

February 13,2010  
General membership meeting, Northfield Inn

Kristie Eager brought up that they will need help at the horse fair on March 5&6 at the IJRA booth.

We are going to have team shirts that you can purchase. You can chose between red, pink, and blue jean western shirts. They are going to put the IJRA logo on the front, and if you want your events on the back that will cost extra. They are not for sure on the prices just yet.

K-2 is going to be open to boys this year to do barrels and poles, but they will still have a five event limit that will count for there points. Twenty two people were in favor for this and no one opposed.

It was brought up that the lines on IJRA map are different than High School, Shelly Diss motioned to divide the IJRA map like High School but the existing members we are going to grandfather in and they will stay in the same district. Any new members will go by the new map. Kristie Eager seconded the motion. Each district is going to take it back to their districts and vote on it and the president of each district will call Scott Eager by February 27<sup>th</sup> and tell him the results.

Sunday at the finals they would like everyone who purchases a team shirt to wear them.

Sunday at Sterling is going to be tough enough to wear pink day. If you have any pink, boy or girl be sure to wear your pink.

DeeAnn Schnautz brought up that this year they are going to try and do some clinics at each rodeo for the princess competition. It will be free it is just something that will help the girls out so they will know what all it involves and if they really want to do it or not. You do not have to be a candidate for Princess to attend.
